My First Try

When it comes to the topic of "My First Try", I'll
never forget the meaningful experience I had in Grade 7.

It was my first time to be a volunteer. As a member of
Animal Helpers, I volunteered to be responsible for
washing, feeding and playing with homeless dogs. At the
same time, I took some photos of them and made posters
online to call on more people to give a hand. Through my
efforts, over eight dogs were lucky to find their new
homes. When I saw them taken good care of and they
brought the people much fun, I got such a strong feeling of
pride.

I realize that each life is important and the tiny things
I do can make a difference.

Looking back at these past three years, I had a lot of sweet memories. I took a trip to Yunnan during my winter vacation. Yunnan is a famous place. I'm always dreaming of visiting it. I arrived there by plane with my parents and two cousins. The weather was sunny and cool, just right for the trip. We stayed in Yunnan for seven days. We visited some places of interest, such as the zoo and the National Park. We saw birds and elephants. We rode an elephant there. It was exciting. We also took many photos and ate delicious food. It was very nice. I also bought some special gifts for my friends. I really felt excited and happy. It was an unforgettable trip.

To Be a Better Man

Everyone wants to be better. In order to improve myself, I have made some plans.

First of all, I will study harder. I am going to listen to the teachers carefully in class and finish the homework on time. When I meet difficulties, I will try my best to solve them.

Second, I plan to pay attention to my health. I will eat more healthily and do more exercise. What's more, it is important to keep a good mood and be happy every day. If I feel tired, I will listen to some music to relax myself.

Third, I intend to try my best to get along well with the people around me. At school, I will help my friends in need. I will communicate with my parents more. Besides, I will keep smiling and be kind to everyone.

In short, there is no success without effort. I think I can be more excellent if I keep trying.

How to develop a good habit

It's very important for us to develop good habits. As teenagers, what should we do?

In my opinion, we should listen to the teacher carefully and take notes if they are necessary for us. It is a good habit to finish the schoolwork on time every day. In spare time, we had better read some books to get more knowledge. Also, we

should eat more fresh fruit and vegetables and less junk food. It's necessary for us to take exercise for three or four times a week. What's more, to get enough sleep, we should go to bed early and shouldn't stay up late. Always remember to wash our hands before meals to keep clean. Exercise is fun and relaxing. It's healthy for the mind and body. Healthy lifestyle helps us get good grades and live happily. Last but not least, when we have time, we should help our parents do some housework. We should be considerate of our parents because they work hard every day.

Good habits will make our study twice the result with half the effort. Let's form good habits together!
